

OUR MISSION - WE CONNECT YOU.

Your specialist for personnel  
and engineering services

OUR MISSION - WE CONNECT YOU.

## Who we are?

Our professional and pleasant team consists of three passionate engineers as founders and managing directors together with project manager, Product developer, recruitment specialists, sales and marketing experts.

Together we work for the success of our customers – as a reliable, competent and committed partner in the area of personnel and engineering services. Our specialization lies in the aviation and space industry, the automotive sector, the finance & office such as IT.

OUR MISSION - WE CONNECT YOU.

## What do we do?

Nationwide we provide successfully and with a lot of passion highly qualified specialists, managers and engineers - regardless of whether it is a personnel leasing, personnel recruitment or try & hire. Also with regard to personnel consulting we assist with words and deeds.

As engineers we offer technical services in the aviation and space industry as well as in the automotive sector. The spectrum of services ranges from design and engineering about calculation, kinetics and simulation to quality and project management for individual components and complex systems.

OUR MISSION - WE CONNECT YOU.
